

Static stabilized as if mosaic tiles on walls are
whitenoised crossword puzzles puzzled, eye star lid
close up as sentence after senseance of a semi quietude
harvest flattened moulded under table trees and flowers
moneyed casts and pasts

Tried at first without such form yet under roof which
carries all the weight and current, this and present,
simple task so difficult to speak in calendaric long term
storage palindromes and holes as rabbitted as cauldrons
vats this vessel

Flipconverseside words all modelled into spitting image
in reverse of signal flattened smacked up onto walls as
old unbroadcast static now encircling hold, but won't,
won't hold but uncontain and rationale an antithesis
such a sort most rarely found in grid mesh lattice
gardenfloors and flatbedflowers emptied carbs,
shrinkwrapped and shipped as just neglected, cast away

Weight of hold and keep as verbs and nouns in softly
stipulated two-way movements from a floortoground,
flower-cellulose, mouldtomovementarily by no means
final finite in a distributed softtranslation greeting sea
and forest, shrunken shrine of rhymes, wait or hold and
keep
